Sportswriters Will Judge for Baseball Award

Final ballots have been distributed to more than 500 sportswriters, sportscasters and members of all major league teams who will determine the winner of the "Van Heusen Outstanding Achievement Award" for the baseball season of 1961. Opening Ceremonies Held Thursday for Huge Torrance Area Ice Skating Palace

Ian Pinkerton, manager of the new Olympic ice arena to be built at 238th and Western Avenue in Lomita, was aided in official groundbreaking ceremonies Thursday by Wes Edwards, president of the Harbor City Chamber of Commerce; C. E. King, vice president of Harbor City Chamber of Commerce and Ernest T. Winter, chief deputy from Supervisor Burton Chase's office.

Watching and helping in the proceedings were: Dr. Odis Rich, president of the Lomita Chamber of Commerce; D. K. Snyder, postmaster of Harbor City; Richard Leitch, architect; William Wookey, architect of William Wookey and associates; Jack Ridgeway, representing Baingo Bros., general contractor on the project and many others.

The three quarter million dollar project is being developed by local South Bay people, incorporated as the Palos Verdes Land Company. Actual operation of

the rink will be by the Western Avenue Ice Arena, Inc. with Ian Pinkerton as manager.

HUGE BUILDING Facility will include a 36,000 square foot building in the ski lodge motif, with totem poles and rustic atmosphere. It will offer the most modern ice skating conveniences to be found anywhere. The ice skating surface itself measures 200 ft. by 85 ft., regulation hockey size, and will feature a family type restaurant at one end, separated only by an 80 foot expanse of thermopane glass from all the activities. Diners will all have an unobstructed view of the ice by virtue of a tiered seating arrangement. Adjacent banquet facilities will serve 100 people.

According to Pinkerton, who has seen many ice rinks throughout the world during his career as a professional skater, this enterprise offers the most modern ice skating to be found anywhere, coupled

with the most charming atmosphere. William Wookey and Associates and Richard Leitch, A.I.A., architects, point to the clear span of 85 feet, supported only by three pillars in 200 feet as the ideal for spectator viewing.

In addition to the general session ice skating and major restaurant facilities, the building will offer snack bar for skaters, professional instruction for all ages and skating abilities, both private and group instruction; patch ice for the dedicated figure skaters; as well as club room facilities for figure, speed skating and hockey clubs. For spectator appeal, junior and senior amateur hockey is available. All possible comforts for skaters have been thought of including rental skates, sharpening and repairing of skates as well as a completely equipped Tog and Skat Shop, plus lockers and showers.

Governor Urges Fan Support for "Mercy Bowl"

Governor Edmund G. Brown Friday urged Californians to support "in every way possible" the "Mercy Bowl" football game in Los Angeles Coliseum November 23.

Game, between Bowling Green University and the winner of the California Collegiate Athletic Association, is a fund-raising benefit for victims of the plane crash involving the California State Polytechnic College's football team last October 29. The crash killed 17 and injured 19 members of the team and staff.

Governor Brown said that State Senator Vernon L. Sturgeon, of San Luis Obispo, sought his support of the project.

"I am asking Californians to support in every way possible the "Mercy Bowl" football game," Governor Brown said. "The generosity of sports fans in California is legendary and the need here is most urgent."

Senator Sturgeon told the Governor that the Cal Poly Student Memorial Fund, organized after the plane disaster, is seeking \$250,000 to aid victims and families of those killed or injured.

Governor Brown said that "Californians everywhere will join in making this football classic a memorable event."

Tickets for the game are \$3 and can be ordered by mail in care of Mercy Bowl, Box 800, Los Angeles State College, Los Angeles 32. The game starts at 11 a.m., November 23.

seven quick stop shopping stores will be constructed. All will have ample parking. Leroy Baingo, of Baingo Brothers, General Contractors, estimates the Grand Opening to be about March 15th, 1962. He also pointed out that to construct such a facility will require eleven miles of pipe, plus 210 horsepower compressors to operate the ice equipment.

GROUND BREAKING — Standing in his skates on blocks of ice, Ian Pinkerton, manager of the new Olympic ice arena, is assisted in the ground breaking ceremonies by Wes Edwards, Harbor City Chamber of Commerce president; C. Cook Heads Driver Roster At Weekend Stock Races

Dick Cook, Lakewood, Bob Hubert, Huntington Park, Price, Glendale, and Davey headline an entry list of over sixty top CJA stock car racing drivers entered for Sunday afternoon's nine event program, topped by a 30-lap feature.

Cook has taken four main event wins this year at Western. He is the 1960 CJA stock car champion and is

currently closing the gap on point leader Arley Scranton, for the 1961 title. He guns a Hudson in the over 100 laps of action at the speedway, located at 139th St. and South Western Ave. in Gardena.

Hubert, 21 year old pilot in his second year of racing drives an Oldsmobile. He captured two main event wins in a row before the last race two weeks ago. In that one, he had rear-end trouble, forcing him to spin during qualifying. He started last in the 15-lap semi-main, and won. He then came from last in the main event to finish a strong sixth.

County Gives PV Golf Course Final Plan OK

Approval of final plans for the Los Verdes Golf Course Clubhouse in Palos Verdes was announced this week by Supervisor Burton W. Chace.

Plans call for construction of a one-story building containing approximately 17,532 gross square feet. It will consist of a dining hall with accommodations for 240 persons, a banquet room seating 92 persons and a coffee shop and lounge to service approximately 57 persons, all directly adjoining kitchen facilities. There will also be a professional shop area with space for a golf pro-shop, men's and women's locker and shower rooms, golfmobile storage and maintenance space and a starter booth and office.

Site development will include paving, walks, steps, curbs, planters, flagpole, directory signs, building identification signs, retaining walls, exterior lighting, drainage facilities and extension of connection with all existing utilities including sewer and telephone.

It is estimated that it will take 255 calendar days to complete the building after execution of the contract.

Chace said it is expected that bids will be called for in May of 1962, with the contract probably being awarded in July.

Annual Economy Run Today in Los Angeles

Autos from seven countries will be out to set world gasoline economy records today in the fourth Mobil Mileage Rally for imported cars.

Forty-one cars from Israel, England, Germany, France, Sweden, Italy and Japan will challenge the mileage marks of American compacts, such as the 32 miles per gallon of the Ford Falcon in the last Mobil Economy Run.

The 300 mile test will take the cars through 44 towns in Los Angeles, San Bernardino, Riverside, Orange and Ventura counties. They will climb from sea level to 2600 feet.

START IN L.A.

Course will both start and end in downtown Los Angeles. It will take the foreign fleet to San Bernardino, San Juan Capistrano and back to Los Angeles for refueling. Then the cars will go to the beach, over the Santa Susana Pass, and down the San Fernando Valley to the finish line.

First car will finish at 2 p.m., and all of the entrants will be on display at Eighth and Francisco Streets.

Shop nurseries for fall color. Check the berried shrubs, especially the Pyracantha. Plant Chrysanthemums from pots. Look for unusual fall foliage color.

This trio will come up against the best of West Coast stock car racers, including Jim Cook, Norwalk; Marvin Heinis, Sylmar; "Wild" Bill Foster, Newhall; Arley Scranton, Compton; Frank Denny, Los Angeles; Gene Davis, Santa Monica; Jerry Plotts, Gardena; Clem Proctor, Compton; Jimmy Jack, Van Nuys; Ronnie Donelson, Inglewood; Chuck Townsen, Gardena; Ray McKinley, Inglewood; Cliff Fagot, Torrance; Bill St. James, Gardena; Eddie Kusch, Compton; Lamarr Anderson, Manhattan Beach; and Cliff Gardner, Culver City.

Her secret IS SAFE with us!

Contact lenses have come a long way since they were first introduced to the human eye. Now—so comfortable, so undetectable—contact lenses are for just about anybody: the self-conscious teen-ager, hating to admit she needs glasses... the society miss who feels that conventional glasses subtract from her youthful charm... the man or woman afflicted with forgetfulness who too often leaves their regular glasses at home. Whatever your reason for being interested, come in and see what Science has done about contact lenses to make them wonderful to wear.

DIVIDE IRIS NOW
Tall bearded Iris may still be divided if clumps are crowded, though November division may be too late to insure bloom next spring. One thing about waiting until now, however, is that you won't have to water the newly divided plants until they get established.
